	Your babysitter is a ghost.	But nobody seems to care.	Now, no one can hear you shout for help.
	You find something unsettling in the basement.	But it turns out to be a lot of fun.	No one can know the truth.
	You are camping in the woods when you hear a noise.	But you planned the whole thing.	You can laugh about it now.
	You find an old mummy in your attic.	But it was only your little brother.	You laugh mischievously.
	Your clone knocks at the door.	But it was just a dream.	Now, you've made things worse.
	You wake up in the morning with vampire teeth.	But no one believes it.	Your mother caught you red-handed.
