

Dear Children,

Thank you so much for your letters! Your elf has had a lot of good things to say about you this year. I'm glad to hear it! I hope you continue to be good throughout the rest of the holiday season.

I am very busy getting ready for Christmas. I've checked my list once and started round two! The reindeer are exercising their flying skills, the penguins and narwhals are rehearsing for their dance number, and the elves are active in the workshop.

I can't wait to come visit you. Until then, I hope you have a month full of magic. Make sure to be extra kind and helpful to your family and friends. That's the best way to show me that you're ready for my visit!

Sincerely,
